RECHARTERING

To date only 75 % of the Posts have returned their charters for 2007. Please complete yours and return it to the office as soon as possible.

If you are not registered your insurance is not in effect.

INSURANCE

Did you know that your insurance is included in your registration fees? The insurance policy is a secondary policy unless the youth have no primary coverage.

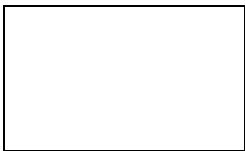

All Explorer youth are covered automatically once they are registered officially through the council office.

RECRUITMENT

Are YOU recruiting for your Post? As an advisor you should be contacting local schools and making presentations to the career centers in your areas. Materials are available FREE from the local office.

FRIENDS OF EXPLORING

The 2006 goal reached over 100%. Thanks to all who participated.
