## Sequoia Council kicks off Round-up Meetings to join Cub Scouts

**Boy Scouts of America program promotes leadership, character development, citizenship and fitness for boys and their families.**

[insert City, State] – August 17, 2009 – For almost a century the Boy Scouts of America has made it its mission to prepare young people to make ethical and moral choices over their lifetimes by instilling in them the values of the Scout Oath and

Law. As the school year begins, local Scout units will host neighborhood Scout Nights to introduce boys and their parents to the Cub Scout program. Activities emphasize character development, citizenship training, and personal fitness.

Boy Scouts of America is celebrating 100 years in February 2010. The Scouting program was established by a congressional charter to educate and prepare young people for life. The program helps parents and educators reinforce the necessary learning to lead an active and productive life in the community.
