

As a Scouting volunteer, you understand the importance of keeping children safe. A recent bill (AB 506) was passed by the State of California requiring volunteers and staff of Youth Service Organizations to complete training in child abuse and neglect reporting, and undergo Live Scan Background Checks (digital version of inked fingerprinting). AB 506 went into effect on January 1, 2022 and all registered BSA volunteer positions and employees, including camp staff, must comply.

To access the required State mandated Reporter Training and to get the forms needed for the Live Scan, please visit our Council website at www.seqbsa.org

On the home page, on the left hand side, click on AB 506 training.

Scroll down to the middle of the page, and click on where it says Required State Mandated Reporter Training – Complete Training Here. This will redirect you to the Mandated Reporter Training site and you will take the Volunteer Training.

Once you have completed the training, go back to the AB 506 page on our Council website and upload the training completion certificate by clicking on the Upload Training Certificate button in the middle of the page. That will re-direct you to the California Scouting page where you will fill out your information and then upload your form.

Once you have completed the training, you are ready to be Live Scanned. Go back to the AB 506 page on our Council website, review the Compliance Policy linked near the bottom of the page, and then fill out the Background Check Consent form and email that form to stefany.fuge@scouting.org.

Last, you will print out the BCIA 8016 Volunteer Form (also found at the bottom of the AB 506 page on our Council website) and complete the Applicant Portion of the form. Bring the complete BCIA 8016 Volunteer Form to a Live Scan service provider. **It is critical that you use our**

Council's Live Scan form, as it includes our Council's routing information for your background check.

Find the Live Scan site nearest to you at <https://www.certifixlivescan.com/>. Some have the option to schedule an appointment while others are open to walk-ins. There will be a fingerprint rolling fee (\$20 – \$40) and FBI background check fee (\$17) to be paid to the Live Scan service provider.
